Land with 33.200m2 for sale

Land with 33.200m2 for sale. This land consists essentially of bush, has some pine trees and passes a water line in this. It's not allowed to build, there's a plot of land in the middle of this that's going to have to be given access, even though right now no one's taking care of it. It is just a few metres from a river. It has good accessibility for vehicles made through dirt roads, is a few 10 minutes away by car from the city center of Castelo Branco and 15 minutes walk from the nearest village. If you want to have a land that allows you to enjoy the calm and tranquility that only the countryside can offer you, however close to civilization, this may be the property you are looking for.
